# About Us

**WILLPOWER Group is an electrical, mechanical and gas fitting company specialising in rotating equipment including engines, alternators, and control systems. Drawing on a wealth of industry experience and knowledge, WILLPOWER Group provide comprehensive solutions that meet the diverse needs of our clients.**

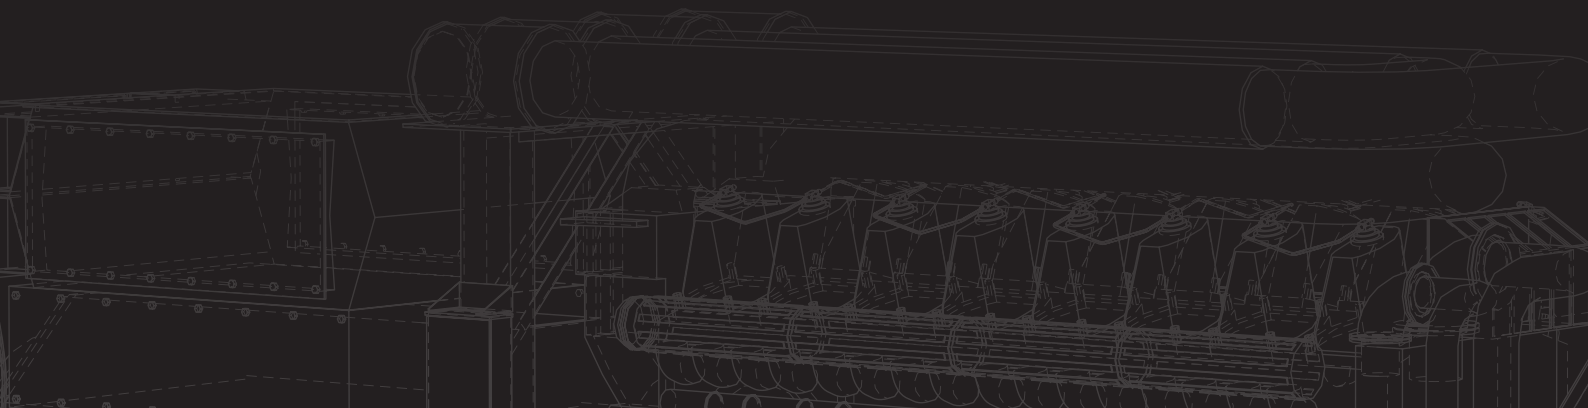

At WILLPOWER Group, we understand the critical role that power plays in today's world, and more importantly the need for uninterrupted power supply. We provide comprehensive services for a wide range of rotating equipment in the mining, marine, oil & gas, and industrial sectors. This includes installation, maintenance, commissioning, repairs, and upgrades. We are dedicated to delivering reliable and efficient mechanical, electrical and gas fitting services.

Our motto, "Reliable solutions for uninterrupted power" encapsulates our commitment to providing reliable and dependable services that our clients can trust. We strive to exceed expectations and build long-term partnerships based on trust and customer satisfaction.

The key benefits of engaging WILLPOWER Group are:

- OEM trained and qualified technicians.
- Specialist engine, power generation and marine technicians.
- Rapid response to critical breakdowns.
- Professional team of technicians ensuring your issues are identified and reported immediately ready for prompt repair.
- Extensive industry expertise and experience in handling diverse projects.
- Ability to deliver tailored, customised solutions that meet specific client requirements.
- Continuous investment in training and equipment to stay at the forefront of technological advancements.
- Strong focus on safety, ensuring the well-being of our team and clients.

Partner with WILLPOWER Group for reliable, efficient, and comprehensive services. Together, we will power your success.

# Services & Capabilities

**WILLPOWER Group is a trusted provider offering comprehensive services with a strong commitment to excellence. Through a dedicated team of highly skilled professionals, we deliver reliable and efficient solutions to meet the diverse needs of our clients.**

## Electrical Services

### Breakdowns

### Commissioning

### Servicing & Health Checks

### New Installations

- Stand alone units
- Temporary power stations
- Remote power stations

### Controller Upgrades

- Power Command Control
- ComAp
- Deep Sea Electronics
- DEIF
- Woodward

### Alternator Testing LV / MV / HV

- Insulation Resistance Testing
- Very Low Frequency Testing
- Low Ohm Testing
- Vibration Analysis

### Mains Failure Testing

- Building or Dummy load testing

## Mechanical Services

### Breakdowns

### Commissioning

### Servicing & Health Checks

### Minor Overhauls

- Top end overhauls
- Midlife engine work
- Component replacement

### Major Overhauls

- In chassis repairs
- Out of chassis repairs
- End of life rebuilds
- Complete rebuilds

### Fuel Systems

- Supply & Installation of remote tanks
- Fuel system overhauls

## Gas Services

### Gas Fitting Work

- Install, commission, service, maintain, rectify & recommission Type B gas appliances

### Gas System Checks

- Gas system compliance checks
- Yearly checks

### Gas Emissions Testing

- Testing of Type B appliances to confirm correct and proper operation

### Gas Engine Tuning

- Gas engine tuning in line with OEM specifications

## Additional Services

### Labour Hire

### Emergency Power Solutions

## RELIABLE SOLUTIONS FOR UNINTERRUPTED POWER

## Our Mission

Our mission is to be a leading provider of reliable power solutions, ensuring uninterrupted power for businesses and industries. We are dedicated to delivering exceptional services through our team of skilled professionals, who are committed to excellence, safety, and customer satisfaction. By leveraging our expertise and innovative approaches, we aim to exceed our clients' expectations, build long-term partnerships, and contribute to the growth and success of the communities we serve.

## Safety and Compliance

Safety is paramount to WILLPOWER Group. We adhere to strict safety protocols and industry regulations to ensure the well-being of our team members, clients, and the environment. Our technicians are trained in best practices and follow all safety regulations and guidelines during installations, maintenance, and repairs.

## Sustainability

WILLPOWER Group recognises the importance of sustainable power. We actively explore and promote renewable energy solutions to help our clients reduce their carbon footprint and contribute to a greener future. Our team can provide guidance on incorporating renewable energy sources into your power systems.
